# CABINET CARE

Please do not hesitate to call JAECO for additional information.

- Clean at least once monthly to protect wood and bring out its natural beauty by wiping surface with a clean damp cloth, then dry.
- Never use kitchen cloths or sponges that might have detergent or grease on them.
- To remove soil or grease, use suds from common dishwashing liquid (not detergent). Wipe clean with damp cloth. Dry thoroughly.
- During routine kitchen use, immediately dry cabinets near sink, range, dishwasher, oven, and baseboards where water splashes and spills often occur to prevent damage to your cabinetry finish.
- To protect your cabinets' finish, never use cleaners containing bleach, ammonia, or abrasives on your cabinetry.
- Most cabinet scratches can be touched up with a touchup marker.
- If scratches or nicks still show after using a touch up marker, use a filler pencil. Simply rub the pencil overfilling the scratched area and wipe away excess with a clean soft cloth. Then apply a protective coating of clear fast dry touch up (available in the paint section of your local hardware store).
- Never use sandpaper or any other type of abrasive paper or material to even out a scratch, as it will damage the cabinet finish.

Basic care and cleaning will protect your cabinet's beauty  
for years to come.

Overdue accounts are subject to a monthly 2% late fee in interest.

# WARRANTY

---

JAECO warrants its cabinets for five years for stain finishes and two years for cabinets with paint finishes from date of purchase. Our obligation under warranty shall be limited to the repair or replacement of any part or parts that prove defective as determined by our review. These warranties do not cover the cost of installation, removal of item, subsequent damage, or transportation of the defective product.

This warranty shall become void if products are misused, abused, mishandled, improperly stored, changed, modified, or subject to extreme temperatures or extreme moisture levels, acts of God, or the effects of normal wear and tear.

Natural wood varies in color and exhibits color change as it ages. Cabinet colors darken or lighten over time due to sunlight, smoke, household cleaners and other environmental conditions. These variations are considered the natural characteristics of the material in relation to their environment and are not covered under these warranties. JAECO reserves the right to substitute discontinued product with the most similar styling, wood species and color available at the time your claim is submitted.
